TRACE

Trace the design in white pencil or ink.

COLOUR

Dorso - on the back of the parchment using a colour of your choice, in the area shown as DORSO on the pattern.

PERFORATE:

Using a grid and single needle tool perforate in every hole where indicated GRID on the pattern.

EMBOSS

Micro Ball Tool = all the traced outlines and small dots on inner circle as shown.

Small Ball Tool = the petals of the small flowers as shown.

Sun Tool = where indicated on the pattern.

FINISHING

Add an insert and cut straight through all layers.

I've kept this design simple for anyone who may be just starting parchment craft. Remember you can colour and perforate as you wish the above instructions are only guidelines.....have fun experimenting.
